

Dover's Bluebird Market

LAUNCH DATE TUESDAY 6th NOVEMBER 2012
Thereafter every Tuesday in the Market Square
from 9:00am onwards.

You may already be aware that earlier this year a number of local business people formed a Town Team, to bid for the funds available under the Portas Pilots scheme. Over 350 local people and organisations gave us letters of support which showed how much feeling there is in the town to get things improved. Unfortunately Dover did not get selected for the Portas initiative funds, a disappointment because it is clear that Dover is in desperate need of investment and regeneration to turn it around.

However, the Town Team is determined to press ahead with as many of the ideas and initiatives which were developed for the bids as can be funded! We have already secured money and other contributions from a number of organisations to start a weekly Tuesday street market, with smart new stalls and high quality established vendors. We really hope that you are able to attend and support the market, across the UK there are examples of Town Centres being revitalised by their presence. As well as local people, we hope that visitors from out of town can give a much needed boost to the independent shops in Dover.

Come along, enjoy the buzz and vitality of a bustling street market, barter with the stallholders, give yourself a little treat and a much needed boost to Dover Town Centre.
